WHY

EJOIN CHARGING STATION?

... Payment system

Comfortable payment system by scanning a QR code through your phone.

... Quick investment return

Use back side of the charging station for your advertisement or rent it to your business partner.

... Custom configuration

Charging stations allow configuration by your requests.

... New clients

By installing charging station in front of your hotel, boarding house or restaurant, you attract new customers – cyclists.

... Custom design

Charging station's design can be customized to any of your requests.

... Quick installation

Installation of charging station is very simple. We can take care of installation if necessary.

QUICK INVESTMENT RETURN

Do you want a quick return on your investment and raise profit? Rent the advertising space of the charging station to your business partners.

- E-bikes sellers
- E-bikes renters
- Sport brands
- Local points of interest
- Hotels, motels
